MEMORANDUM FOR: Members, NITs Working Group

FROM:

Intelligence Producers Council Staff

SUBJECT: FY 1990 US Policymakers' National Intelligence Topics  
(NITs) Update and Promulgation

13 LOGGED

IC STAFF

1. The NSC Policy Coordinating Committee for Intelligence (PCC-I) will convene for the first time on 26 June to review and approve the FY 1990 NITs which were coordinated by you in April. In view of the delay in getting a PCC-I meeting scheduled and the significant events that have taken place in the meantime in China and Iran, we would like you to review the related NIT items (attached) and update as appropriate. The updated items will either be provided to the PCC-I principals prior to the meeting or will be brought to the table. [redacted]

2. Since we are dealing with a new forum and a new set of players, for the most part, in the PCC-I, it might be advisable for you to ensure that your principals are fully briefed on the NITs process and your agency's role in that process prior to the meeting. If we can be of any assistance in this regard please let us know. [redacted]

3. Just to let you know that your efforts to produce the NITs in April were not in vain, the final draft which you approved was distributed to all major intelligence producers for their use in planning intelligence production agendas. Although the production organizations were advised of its draft status, the document has been used in their research planning.

4. Please provide you comments on updating the China and Iran items ASAP or not later than COB Friday, 16 June. No response will be considered as approval of the items in their present form. If you have any questions, please contact me on [redacted]. [redacted]
